Comparing the two...

Dental Insurance Plans:

- Costly monthly premiums
- Preventative and other dental treatments vary in level of coverage
- Annual coverage maximums
- Reimbursement often delayed
- Covered treatments are not patient-centered, but rather based on what benefits the company
- Difficulty getting authorization for common and necessary treatment
- Waiting periods which limit when treatment can be done
- No coverage for elective or cosmetic procedures

Our Membership Program

- One low annual fee
- No deductibles to meet
- No annual maximum
- Preventative visits included
- 20% off any additional services
- No claims to submit to insurance
- No waiting for reimbursement
- Benefits begin the day you sign up
- Treatment planning will focus on what is best for the patient
- Excludes Orthodontics
